To estimate the quantity/cost of your granite countertops we will need either the sq. footage or the number of slabs required for your kitchen project.

*If you would like help determining sq. footage please give us a call and we'll help you out.*

Please specify number of slabs

**OR** square footage:

**Countertop(s):**  *qty/sqft*

**Island(s):**  *qty/sqft*

**Splashguard(s):**  *qty/sqft*

**Color** (*check one*):

Chrome Grey

Ice Flower Blue

Tan Brown (*India*)

Verde Uba Tuba (*Brazil*)

We request you make a rough sketch of your kitchen plan, including the measurements of the length (L) and depth (D) of your current or planned counter space. In the sketch please include the location of your sink and stove, and/or any other major appliances that may break the continuity of the granite.
